

DRAAKON GROUP A.Ş.
ENVIRONMENTAL POLICY

As Draakon Group A.Ş., we consider environmental protection and sustainability as one of our fundamental responsibilities while carrying out our activities. In this context, we aim to minimize our environmental impacts, ensure the efficient use of natural resources, and leave a liveable environment for future generations.

With this Environmental Policy, Draakon Group adopts the following principles as a general framework:

- Acting in compliance with applicable environmental legislation, relevant legal regulations, and international standards at all stages of our activities,
- Identifying environmental risks, assessing environmental impacts, and taking preventive measures to reduce adverse effects,
- Ensuring the efficient use of natural resources and supporting practices aimed at energy and water conservation,
- Reducing waste at the source and promoting recycling and reuse activities,
- Ensuring that hazardous and non-hazardous wastes are managed in a manner that does not harm the environment,
- Conducting training and awareness activities for our employees and stakeholders to enhance environmental awareness,
- Continuously monitoring and measuring environmental impacts arising from our activities and continuously improving our environmental performance,
- Increasing the effectiveness of environmental management systems and ensuring continuous improvement in line with sustainability objectives.

Purpose of the Policy

This policy aims to define Draakon Group's approach and commitments regarding environmental protection.

Scope of the Policy

This policy covers our employees, subcontractors, suppliers, visitors and all stakeholders affected by our activities.

Implementation of the Policy and Relevant Legislation

This policy has been prepared in accordance with applicable environmental legislation and relevant regulations. In the event of any inconsistency between applicable legislation and this policy, Draakon Group acknowledges that the applicable legislation shall prevail.

Policy Enforcement

This policy is reviewed periodically and updated when deemed necessary. The Corporate Governance and Sustainability Directorate is responsible for updating the policy.
